 - 1.2.3. Pathological and Pathogenic Fundamentals
- **1.3. Equipment and Devices for Emergency Care**
 - 1.3.1. Basic Medical Equipment
 - 1.3.2. Devices for Monitoring Vital Signs
 - 1.3.3. Imaging Diagnosis Devices

• Part II: Diagnosis of Emergency Situations

- **2.1. Clinical Examinations**
 - 2.1.1. Animal Inspection
 - 2.1.2. Physical and Neurological Examinations
 - 2.1.3. Laboratory Examinations
- **2.2. Imaging Diagnosis**
 - 2.2.1. Radiography
 - 2.2.2. Ultrasonography
 - 2.2.3. Computed Tomography
- **2.3. Laboratory Examinations**
 - 2.3.1. Blood Analysis
 - 2.3.2. Urine Analysis
 - 2.3.3. Microbiological Examinations

• Part III: Treatment of Emergency Situations

- **3.1. Symptomatic Treatment**

- 3.1.1. Pain and Stress Treatment
- 3.1.2. Poisoning Treatment
- 3.1.3. Infection Treatment

○ **3.2. Partial Treatment**

- 3.2.1. Surgical Treatment
- 3.2.2. Radiotherapy
- 3.2.3. Immunotherapy

○ **3.3. Supporting Treatment**

- 3.3.1. Symptomatic Treatment
- 3.3.2. Supporting Treatment
- 3.3.3. Physiotherapy

• **Part IV: Palliative Care**

○ **4.1. Definition and Purpose of Palliative Care**

- 4.1.1. Definition of Palliative Care
- 4.1.2. Purpose of Palliative Care
- 4.1.3. Impact of Palliative Care on Animal Quality of Life

○ **4.2. Methods of Palliative Care**

- 4.2.1. Symptomatic Treatment
- 4.2.2. Physiotherapy
- 4.2.3. Psychological Treatment

• **Part V: Examples of Emergency Situations in Small Animals**

○ **5.1. Poisonings**

- 5.1.1. Plant Poisonings
- 5.1.2. Chemical Poisonings
- 5.1.3. Medication Poisonings

○ **5.2. Infections**

- 5.2.1. Bacterial Infections
- 5.2.2. Viral Infections
- 5.2.3. Fungal Infections

○ **5.3. Injuries**

- 5.3.1. Head and Neck Injuries
- 5.3.2. Chest and Abdominal Injuries
- 5.3.3. Limb Injuries

• **Part VI: Treatment of Emergency Situations in Practice**

○ **6.1. Preparation for Treatment**

- 6.1.1. Patient Preparation
- 6.1.2. Equipment and Apparatus Preparation
- 6.1.3. Personnel Preparation

○ **6.2. Treatment of Emergency Situations**

- 6.2.1. Symptomatic Treatment
- 6.2.2. Surgical Treatment
- 6.2.3. Radiotherapy

• **Part VII: Ethics and Law in Emergency Care**

○ **7.1. Ethics of Emergency Care**

- 7.1.1. Ethical Principles in Emergency Care
- 7.1.2. Impact of Ethics on Animal Quality of Life
- 7.1.3. Ethical Aspects of Medical Decisions

○ **7.2. Law in Emergency Care**

- 7.2.1. Law Related to Animal Health Protection
- 7.2.2. Law Related to Emergency Care
- 7.2.3. Impact of Law on Animal Quality of Life

• **Part VIII: Conclusion and Recommendations**

○ **8.1. Conclusion**

- 8.1.1. Conclusion of Emergency Care
- 8.1.2. Conclusion of Ethics and Law in Emergency Care
- 8.1.3. Conclusion of Animal Quality of Life

○ **8.2. Recommendations**

- 8.2.1. Recommendations for Veterinarians
