Here's the translation of the provided text into English: **Table of Contents: Earth, Skowrońska Anna**

Part I: Introduction to Sustainable Living

Chapter 1: The Importance of Sustainable Living

+ 1.1 What is Sustainable Living? + 1.2 Benefits of Sustainable Living + 1.3 Challenges of Sustainable Living + 1.4 Setting Sustainable Living Goals + 1.5 Creating a Sustainable Living Plan + 1.6 Overcoming Obstacles to Sustainable Living + 1.7 Measuring Progress in Sustainable Living + 1.8 Case Studies in Sustainable Living + 1.9 Best Practices for Sustainable Living + 1.10 Conclusion: Embracing Sustainable Living

Chapter 2: Understanding Your Environmental Footprint

+ 2.1 Calculating Your Carbon Footprint + 2.2 Measuring Your Water Footprint + 2.3 Understanding Your Food Footprint + 2.4 Assessing Your Waste Footprint + 2.5 Evaluating Your Transportation Footprint + 2.6 Examining Your Energy Footprint + 2.7 Identifying Areas for Improvement + 2.8 Creating an Action Plan + 2.9 Tracking Progress + 2.10 Conclusion: Taking Control of Your Environmental Footprint

Part II: Sustainable Food Systems

Chapter 3: Sustainable Food Production

+ 3.1 Principles of Sustainable Agriculture + 3.2 Organic vs. Conventional Farming + 3.3 Regenerative Agriculture + 3.4 Agroecology + 3.5 Permaculture + 3.6 Biodynamic Farming + 3.7 Vertical Farming + 3.8 Hydroponics and Aquaponics + 3.9 Urban Agriculture + 3.10 Conclusion: Embracing Sustainable Food Production

Chapter 4: Sustainable Food Distribution

+ 4.1 Food Cooperatives + 4.2 Community Supported Agriculture (CSA) + 4.3 Farmers' Markets + 4.4 Online Grocery Shopping + 4.5 Food Waste Reduction + 4.6 Food Recovery and Redistribution + 4.7 Sustainable Food Packaging + 4.8 Food Labeling and Certification + 4.9 Food Safety and Regulations + 4.10 Conclusion: Navigating Sustainable Food Distribution

Part III: Sustainable Living Practices

Chapter 5: Sustainable Water Management

+ 5.1 Water Conservation Techniques + 5.2 Rainwater Harvesting + 5.3 Grey Water Systems + 5.4 Water Efficiency in Buildings + 5.5 Water Quality Monitoring + 5.6 Water Treatment and Recycling + 5.7 Water Storage and Distribution + 5.8 Water-Based Energy Generation + 5.9 Water and Climate Change + 5.10 Conclusion: Managing Water Sustainably

Chapter 6: Sustainable Energy Systems

+ 6.1 Renewable Energy Sources + 6.2 Solar Energy + 6.3 Wind Energy + 6.4 Hydro Energy + 6.5 Geothermal Energy + 6.6 Bioenergy + 6.7 Energy Efficiency in Buildings + 6.8 Smart Grids and Energy Storage + 6.9 Energy Policy and Regulation + 6.10 Conclusion: Transitioning to Sustainable Energy

Part IV: Sustainable Transportation and Infrastructure

Chapter 7: Sustainable Transportation Options

+ 7.1 Electric and Hybrid Vehicles + 7.2 Public Transportation + 7.3 Walking and Cycling Infrastructure + 7.4 Car-Sharing and Car-Pooling + 7.5 Alternative Modes of Transportation + 7.6 Transportation Planning and Policy + 7.7 Traffic Management and Congestion Reduction + 7.8 Transportation and Climate Change + 7.9 Transportation and Air Quality + 7.10 Conclusion: Choosing Sustainable Transportation

Chapter 8: Sustainable Buildings and Infrastructure

+ 8.1 Green Building Design and Construction + 8.2 Sustainable Materials and Resources + 8.3 Building Energy Efficiency + 8.4 Water Conservation in Buildings + 8.5 Waste Management in Buildings + 8.6 Indoor Air Quality and Ventilation + 8.7 Building Maintenance and Operations + 8.8 Building Code and Regulation + 8.9 Sustainable Urban Planning + 8.10 Conclusion: Creating Sustainable Buildings and Infrastructure

Part V: Sustainable Communities and Policy

Chapter 9: Building Sustainable Communities

+ 9.1 Community Engagement and Participation + 9.2 Community-Based Initiatives + 9.3 Collaborative Governance + 9.4 Community Development and Planning + 9.5 Community Education and Awareness + 9.6 Community-Based Research and Innovation + 9.7 Community Resilience and Adaptation + 9.8 Community and Climate Change + 9.9 Community and Biodiversity + 9.10 Conclusion: Fostering Sustainable Communities

Chapter 10: Policy and Regulation for Sustainable Development

+ 10.1 International Agreements and Frameworks + 10.2 National and Local Policies + 10.3 Economic Incentives and Regulations + 10.4 Social and Environmental Impact Assessment + 10.5 Public Participation and Engagement + 10.6 Policy and Regulatory Frameworks + 10.7 Policy and Climate Change + 10.8 Policy and Biodiversity + 10.9 Policy and Sustainable Development Goals + 10.10 Conclusion: Shaping Sustainable Policy and Regulation

Conclusion: Embracing a Sustainable Future

+ 11.1 Recap of Key Takeaways + 11.2 Future Directions for Sustainable Development + 11.3 Call
